

Zerust[®] ICT[®]510-SK Film

TECHNOLOGY THAT PROTECTS METAL FROM CORROSION

FEATURES

- Proven corrosion protection
- Easy-to-use
- Vacuum seal
- Recyclable

BENEFITS

- Reduce corrosion incidents
- Improve shipment yield rates
- Protect fragile or loose items
- Save money & resources
- Comes with Zerust[®] global on-site support

Keep your valuable parts together, stable, and corrosion free with Zerust[®] ICT[®] 510-SK Film.

APPLICATION TYPE

PRODUCT INFORMATION

Zerust[®] ICT[®]510-SK Film is Zerust[®] ICT[®] polyethylene film and Zerust[®] corrugated cardboard combined in a skin package to give superior corrosion protection to fragile items. A skin package sandwiches an item between an outer plastic film and a rigid substrate in such a way that the film is vacuum bonded to the substrate.

Zerust[®] ICT[®]510-SK Film immobilizes the item being packaged, isolating the most fragile of items from the shocks experienced in shipping and handling. Zerust[®] ICT[®]510-SK Film is a cost-effective and smart way to package fragile parts or multiple parts together. Use Zerust[®] ICT[®]510-SK Film to protect valuable components, sensitive tools, drill bits, bearings, etc.

APPLICATION EXAMPLES

ZERUST[®] ICT[®]510-SK FILM PROTECTING A CONNECTING ROD FROM CORROSION DAMAGE.

CORROSION PROTECTION FOR:

ORDERING INFORMATION

■ AVAILABILITY

Available in custom sizes at minimum order quantities. Please contact a Customer Service Representative for more information at +1 (763) 225-6600.

■ COLOR

Yellow, clear and green are standard colors depending on the corrosion protection formulation. Custom colors available upon request.

■ PROTECTION TYPE

Available in ferrous, non-ferrous or multimetal corrosion protection capabilities.

■ PROTECTION LIFE

Will protect metals for up to 5 years if properly packed and stored.

■ SHELF LIFE

Shelf life of 2 years if stored at 85° F or less, out of direct sunlight and in original packaging.
